SOFTWARE SUPPORT

DATE: 07/19/84

TITLE: EXEC Statement Format

Purpose

To establish the standard format for EXEC statements.

Standard

The EXEC statement will have the following format for all user programs

Columns	Contents	Comments
1-3	'//S'	For processing User programs
	'//P'	If jobstep uses a cataloged procedure
	'//U'	If jobstep uses a utility program.
4-6	Numeric	State Agency number
7	Alpha	System letter
8-10	Numeric	Unique number that describes the step
		Each stepname (cols 3-10 in a job or procedure) must be unique
11	Blanks	Space
12-15	'EXEC'	Constant
16	Blanks	Space
17-nn	Variable	Can be either 'PGM=' followed by the program name or 'PROC=' followed by the procedure name to be executed.
